

FB Ad Spend Analysis

Month-wise overview of ad accounts, campaigns, ad-set efficiency, and performance

Ad Performance Overview

A Power BI dashboard for evaluating advertising performance across accounts and campaigns. The report provides visibility into views, clicks, impressions, reach, CTR, and CPC.

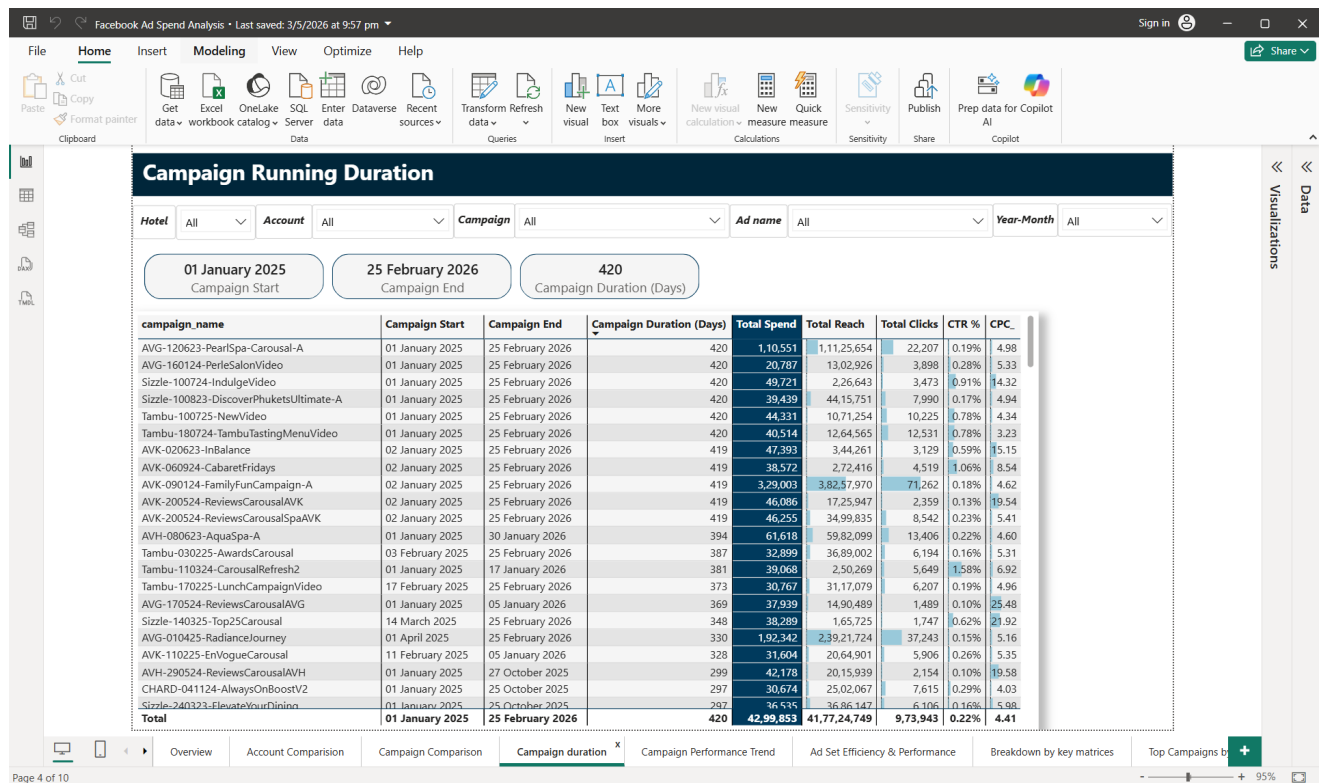

Campaign & Account Performance

Account-level performance comparison and campaign running-duration analysis, with key advertising metrics presented for analysis.

Account Performance

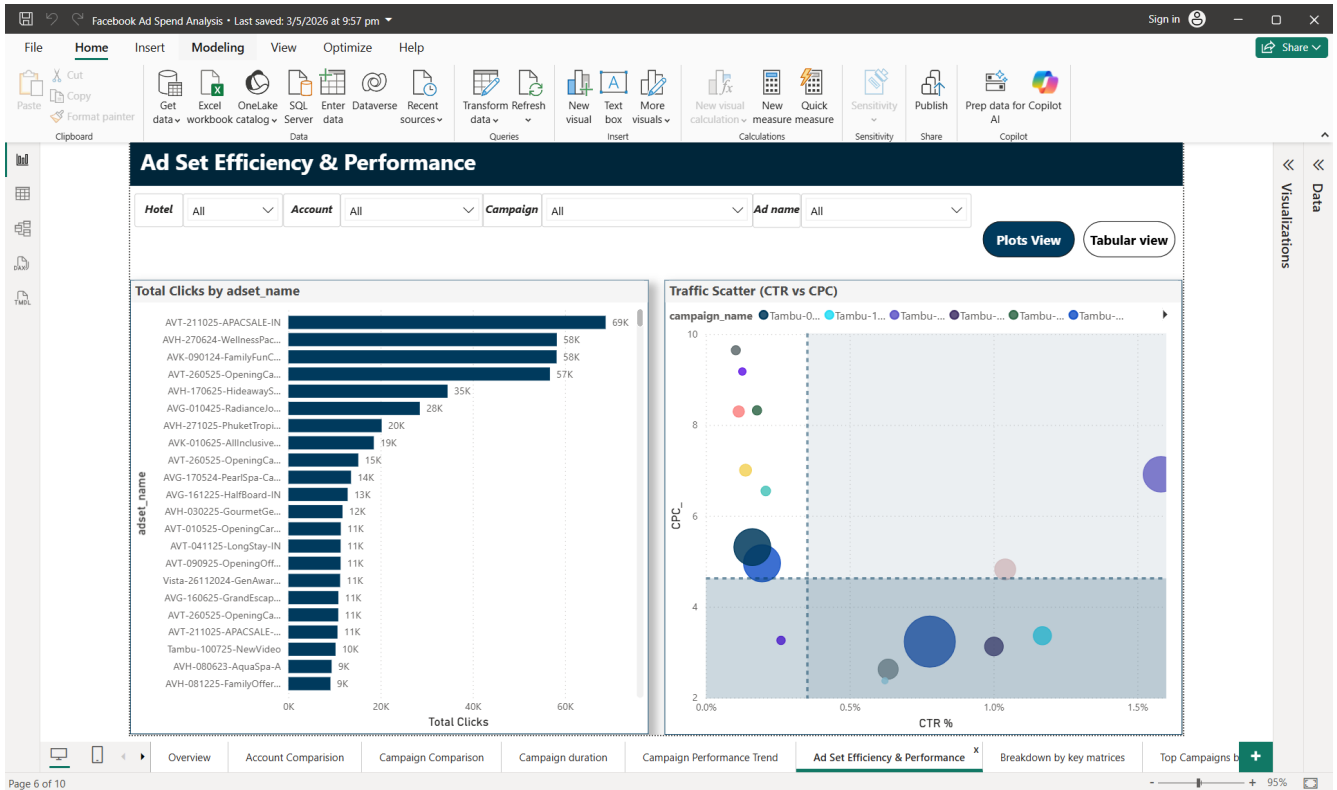

Campaign Performance

Ad Set Efficiency & Performance

Ad-set performance is analysed using click volume and traffic efficiency, including CTR and CPC relationships.
